is the name of the new program, and under the leadership of The Nitro Ministerial Association, The Nitro Mission Team will oversee its daily operation.

In their efforts to show Christ's love, the Team works diligently throughout each week in an attempt to meet the growing needs of the Nitro community. Volunteer laypeople from our local churches generously donate their time and money in a tireless effort to meet these needs. Unfortunately, the volunteers are a very limited few and their resources are often stretched beyond capacity and they simply cannot meet all the needs.

Many families facing financial difficulties cannot afford basic repairs. Things such as:

- roof leaks
- loose steps,
- water leaks,
- toilet valves,
- broken door locks,
- faulty switches and receptacles

These are only a few of the endless problems that continue to add to the plight of families in our community and when unresolved, can result in potentially life-threatening situations.

The focus of this service is to aid:

- widows,
- the elderly,
- single parents, and
- families suffering economically

The Carpenter's Helpers

will be completely manned by volunteers. There will be no office or paid staff, so therefore, we will be able to function with minimal funding. This program has been regarded by many organizations to be very commendable because of our primary interest in the community. *The Putnam County Rotary Club* has given its full support as well as several other major corporations, *Appalachian Power Company*, *The International Church of the Nazarene*, the *City of Nitro*. Also, several local businesspeople have generously offered to participate.

Would you care to join others in an effective effort to alleviate the suffering in our community?

Where else can you be assured that:

- Not one dollar is used in overhead
- Not one dollar is used for offices
- Not one dollar pays salaries
- Not one dollar is used improperly
- Every cent you give goes to the needy!
- IN YOUR OWN COMMUNITY!!!

Come along and join with many others!

Be a part of the "TEAM" in this great community effort!
